

Reality TV “The Block”

In recent months we have been busy working with Josh & Jenna on their magnificent Edwardian style home in Cameron St Richmond.

Some of you will know this address as the site off the hit TV show “The Block”, which recently aired on Channel Nine with huge ratings success.

The Couple were undoubtedly the team to beat, with well known judges John McGrath and Neale Whitaker awarding the couple with “The Best Room” for an AMAZING 4 out of 7 rooms. This was a first in the shows history.

The Bathroom received particular praise, being classified as “**The Best Room In Block History**”. The room was cleverly designed and incorporated a freestanding bath within the in-situ shower area. Bluestone floor tiles were selected and were sloped towards a brushed chrome shower grate running the entire width of the bathroom.

Despite the complexity of the design, the room was completed in an impressive 7 days and **WON** the challenge for Josh & Jenna.

Being a part of the show was tremendously exciting and an experience we will never forget.
